Job Summary

This role is a peripatetic role and includes travel within an agreed area to Corazon Health's clients to provide the following services as required:

- Health surveillance (client site or Corazon office) - provide routine assessment across a range of topics such as spirometry, audiology, phlebotomy, skin assessment, forklift truck medicals and HAVs.
- Wellbeing - delivering health promotion activities.

The post holder is expected (following induction and any training required) to be self-sufficient whilst out at client sites. Support is available remotely but there is an expectation that the post holder would be able to work independently.

There will be occasions where a clinic on a client site is a short booking/half a day and you would be expected to travel to another client or to the office/home to continue working (travel/set up equipment/pack up equipment time is given) following this.

There will be occasions where if a clinic is cancelled at short notice and you may be expected to complete administrative work (with full guidance) at the Corazon office or from home (depending on the task) if we are unable to book new work in time.

Sectors our clients operate in include pharmaceutical, manufacturing & engineering.

Key Relationships

- Demonstrate the ability to interact, cooperate and establish effective working relationships with all Corazon Health employees, managers and direct reports.
