

CORAZON HEALTH LIMITED – HOW TO FIND US

Our Head Offices and consulting venue are located on “Copley Hill Business Park” which is located on the A1307 south west of Cambridge, between Babraham and Cambridge.

By Car

The A1307 is just off the M11 and runs through Cambridge. The business park entrance is well signposted in both directions of the A1307.

Once on the business park, pass through the electric barrier (the barrier opens automatically as you drive up to it) and follow the road round to the right over two speed bumps. Continue right, going past Fulchers Removals who are on your left.

2 The Mill is a wooden, double story black building on the right hand side with a large glass fronted door, a sign with our logo on is clearly visible on the outside.

Our entrance is wheelchair accessible.

Please park in any of the free spaces surrounding building.

Please use the buzzer located to the left of the door to buzz through to reception who will let you in.

By Public Transport

The closest train station is Cambridge Rail Station; take a bus to the Addenbrookes Hospital bus stop, and then transfer to a south bound (Haverhill direction) bus. The business park is located just after the Gog Magog Hills on the left hand side.

Please note that there is not a dedicated bus stop and you may have to request a stop.

For assistance in planning your public transport journey, you may wish to contact the Cambridge City Council Passenger Transport Service on 0845 045 0675.

Corazon Health is unable to provide information on bus timetables or routes.
