

# The way you work with Corazon Health is changing, we're going online

## What is Cohort?

Cohort is the leading worldwide occupational health software and is revolutionising the way you interact with Corazon Health.

## What benefits does it offer?

### **Paper Free**

Service documents are completed through an interactive online portal

### **Management Information**

Precise, timely and innovative usage feedback across your services

### **Secure System**

Certified security standards, providing peace of mind that data is secure

### **GDPR Compliant**

Cohort is fully compliant with the principals of data protection

### **24/7 Access**

Access to initiate services and check on progress at a time that suits you

### **Efficient**

Offers stakeholders improvements in service interaction, saving time

## How will my services change?

**NEW STARTER SCREENING** – Registering an employee for screening is much quicker and all done on the portal. They in turn complete their questions online and it all comes through to Corazon. You can track each step of the screen so you know what's going on.

**MANAGEMENT REFERRAL** - Case visibility is improved through the portal, allowing managers / HR to view their referrals and interact with OH easier. All reports would be visible on the portal so there is no need for e-mails and documents passwords.

**HEALTH SURVEILLANCE** - Questionnaire and outcomes are processed by the portal, allowing the employee to complete them online before the appointment. Cohort also allow for instant reports on your programme so you can know who is due anytime\*

## How do I gain access?

Contact Jonty Bell ([jb@corazonhealth.co.uk](mailto:jb@corazonhealth.co.uk) / 01223 492093) to schedule your set up call today.

*Terms - Valid contract will need be signed between parties before engaging with Cohort platform, costs for data extraction would be applicable should record transfer be required, \*Health surveillance module is still undergoing testing and will be operational mid-2019. Further terms apply.*
